

Business Report – Student Feedback Dashboard

1. RATINGS SUMMARY

Overall Sentiment Distribution

- *Positive: 32.4%*
- *Neutral: 36.2%*
- *Negative: 31.4%*
👉 *Neutral feedback dominates, suggesting students find the courses acceptable but not outstanding.*

Average Ratings per Question

- *Highest rated: Subject Knowledge (7.5/10)*
- *Lowest rated: Degree of Difficulty of Assignments (5.4/10)*

Sentiment by Question

- *Subject Knowledge: Strong positive skew, very few negatives.*
- *Assignments & Doubt-Solving: Highest negatives, key concern areas.*
- *Presentations: Mostly neutral, fewer positives.*

2. SENTIMENT ANALYSIS SUMMARY

- *Students value when teachers are knowledgeable and explain concepts clearly.*
 - *Dissatisfaction mainly arises around assignments (too difficult, heavy workload) and doubt-solving sessions (lack depth or accessibility).*
 - *Course structuring and recommendation of relevant courses received only moderate ratings.*
 - *Satisfaction Index: ~59% (about 4 in 10)*
-

3. KEY RECOMENDATIONS FOR EVENT ORGANIZERS/ EDUCATORS

1. **Simplify Assignments & Provide Support** *students are not fully satisfied*.
 - *Balance assignment difficulty with learning outcomes.*
 - *Offer guidance materials, sample solutions, and extra Q&A sessions.*
2. **Improve Doubt-Solving Mechanisms**
 - *Conduct interactive doubt-clearing sessions.*
 - *Provide online forums or chat support for quick responses.*
3. **Enhance Presentation Use**
 - *Make sessions more engaging with visuals, case studies, or gamification.*
4. **Better Course Structuring & Recommendations**
 - *Redesign courses for logical flow and reduced redundancy.*
 - *Recommend electives tailored to student career goals.*
5. **Leverage Subject Knowledge Strength**
 - *Highlight faculty expertise through expert talks, case studies, and discussions.*

4. CONCLUSION

Overall performance is satisfactory, but improvements in **assignment design** and **student engagement** (doubts & presentations) are critical. Addressing these issues could raise the **Satisfaction Index above 70%**, making courses more impactful and student-friendly.
